

# BEYER HIGH ROBOTICS

Fred C. Beyer High School  
1717 Sylvan Avenue  
Modesto, CA 95355  
209.574.1647  
[www.beyerrobotics.com](http://www.beyerrobotics.com)

I am writing on behalf of the Beyer High School Robotics team to ask for your support to help reach our educational goal of providing hands-on science and technology to students throughout the Modesto area. The program is designed to teach and mentor students in the art, science and teamwork of robotics including designing, programming and building the robots. We are raising money to purchase parts for our robot and to send our team to competitions through FIRST Robotics.

We are hosting a Spaghetti Dinner Fundraiser on February 22, 2018 and are expecting over 600 people. We are selling **business card size advertisement** spots on a placemat to be at each spot. Each 2 x 3.5" spot is \$50.

You can provide us with a business card or email us a logo to use at [ironpatriots4135@gmail.com](mailto:ironpatriots4135@gmail.com). Thank you for supporting Beyer Robotics!
